REGULATIONS FOR THE PREPARATION OF DOGS FOR EXHIBITION F (Annex B)

1. These Regulations must be observed when a dog is prepared for exhibition and/or exhibited at any Kennel Club Licensed event. Objections may be referred to the Board for disciplinary action under these Show Regulations and/or for disciplinary action under Kennel Club Rule A11.
 - a) A dog found to have been exhibited in breach of these Regulations will automatically be disqualified from exhibition at the show and from any award gained thereat.
 - b) Unless the exhibitor provides a satisfactory explanation for the dog being exhibited in breach of these Regulations then he/she may be subject to further penalties of either a fine or as listed under Rule A11.
2.
 - a) No substance which alters the natural colour, texture or body of the coat may be present in the dog's coat for any purpose at any time during the Show. No substance which alters the natural colour of any external part of the dog may be present on the dog for any purpose at any time during the Show.
 - b) Any other substance (other than water) which may be used in the preparation of a dog for exhibition must not be allowed to remain in the coat or on any other part of the dog at the time of exhibition.
3. No act or operation which alters the natural conformation of a dog or any part thereof may be performed except:
 - (a) Operations certified to the satisfaction of the Board.
 - (b) The removal of dew claws of any breed.
 - (c) Operations to prevent breeding provided that such operations are notified to the Kennel Club before neutered dogs are shown.

Nor must anything be done calculated in the opinion of the Board to deceive.
4. The Board without previous notice may order an examination of any dog or dogs at any Show. Any examination thus ordered will be made by a person having executive authority who shall have a written directive from the Kennel Club in their possession. Samples may be taken for further examination and analysis.
5. An individual has the right to lodge an objection to a dog only if he/she is the owner or handler of a dog competing in the same breed or class. An objection may, however, be lodged by an official of the Show or by anyone so deputed by the Kennel Club. It will be the responsibility of the individual who lodges the objection or the official (as appropriate) to substantiate the grounds for the objection. The Kennel Club will substantiate the grounds for an objection made on its behalf.
6. Any objection by an individual related to an infringement of these Regulations must be made in writing to the Show Secretary at his/her office before the close of the Show and the individual must produce evidence of identity at the time of lodging the complaint.

DOGS IN HOT VEHICLES ESCALATION PROCEDURE

1. The Show Society must appoint a **responsible person** who along with the Show Vet should manage the proper response to reports of a dog found in a distressed condition in a vehicle.
2. Once a report has been received from the Car Park Marshalls, a tannoy announcement must be made giving as much details of the dog involved, its breed, the vehicle make and registration number, and name of the owner if possible. A time limit should be given before further action is taken.
3. If time allows a **show official** should be dispatched to the show ring for the breed to make an announcement.
4. At the same time as the above two actions, the **responsible person** should attend the vehicle.
5. If a police officer or RSPCA official is on site it is preferable that he/she is in attendance at the vehicle.
6. If no response has been received from the announcement within the time limit and if in the opinion of the **vet or responsible person** the condition of the dog allows for a final call being made over the tannoy then this should be done.
7. If there is no response and it is believed the dog should be removed from the vehicle for its immediate protection then appropriate action should be taken.
8. It is recommended that there is more than one witness to this and that video and/or photographic evidence should be taken.
9. Following removal of the dog, the vet's advice must be followed. In the event that there is no vet in attendance the responsible person should take appropriate action to immediately lower the dog's temperature and when it is considered appropriate the dog should be taken to the show's vet.
10. A full report and statements should be made covering the entire incident. The Kennel Club will require such evidence to consider taking actions under its Rules and Regulations so that the dog owner(s) can be asked to account for their actions.
