The dimensions for each dog area is 1.5m in width x 1.25m in length. The width of each passageway is 1.5m. Based on there being 12 sections this accommodates 1080 dogs. There is space for some small holding areas which can be utilised if required.

Success can only be achieved through good planning, management and collaboration from exhibitors.

It will be essential to ensure the holding areas are suitably supervised from the opening of the show to the close of the show.

IMPORTANT INFORMATION REGARDING IDENTIFICATION OF DOGS

It is a Kennel Club requirement that exhibitors display the exhibit/bench number on their crate, cage or container at all times. This is particularly important when cages etc. are not on benches, and at unbenched shows.

Each exhibitor is responsible for providing their own crate or cage identification and should note that the original exhibit/bench number card, as provided by the show society, must not be used for this purpose.

It is important to be able to contact exhibitors and identify dogs where a dog may be in distress or where the crate might be blocking a gangway.

At benched shows soft crates may only be put on benches if they are the appropriate size for both the dog and the bench, and the crate can be securely attached to the bench.

Both of these points have been introduced with the safety of all in mind, but most importantly that of the dog, and to minimise potential incidents and injuries.
